Trusted Supplier in the GRMS Program

BackOffice Outsourcing Sp. z o.o.
External version for clients and business partners

We are proud to announce that, as of July 2024, Backoffice Outsourcing Sp. z o.o. has been officially approved and verified as a supplier within the **Global Risk Management Solutions (GRMS)** program – the world's leading platform for supplier risk assessment.

Participation in the GRMS program confirms our commitment to the highest standards in the following areas:

- **Financial stability** – continuously monitored by a dedicated financial risk assessment system;
- **Digital insurance verification** – automatically aligned with each client's specific requirements;
- **Reputation protection** – through global source monitoring for potential links to illegal activities;
- **Regulatory compliance** – incorporating over 1,500 regulatory and sanctions sources worldwide;
- **Cybersecurity** – supported by an advanced system for evaluating data access security;
- **Document verification** – in line with each client's individual compliance needs;
- **ESG (Environmental, Social & Governance)** – transparency in environmental responsibility, social impact, and corporate governance;
- **Occupational health and safety** – compliance with OSHA standards and effective workplace risk management.

Our participation in the GRMS program confirms that we meet strict international requirements in terms of **security, credibility, and operational transparency**. As a result, our business partners can have complete confidence in working with us.
